❖ **GENERAL NOTES FOR STUDENTS:**

- 1) You may ***only*** use outside resource materials ***if specifically mentioned*** in the Event Rules.
- 2) ***The Science Olympiad Honor Code is in place at all times.***
- 3) You may ***only*** upload 1 Student Answer Sheet per Team. Only one will be graded. If a second answer sheet is submitted, only the first one submitted will be graded.
- 4) You only have a set time to complete the Event. For example, if you are taking the Anatomy & Physiology Test, you only have from 7:30am to 8:30am to complete the Event.
- 5) Event Tests are officially 50 minutes long. It is strongly recommended that you leave yourself the remaining 10 minutes at the end of the bracket to upload your Student Answer Sheet. Should you try to upload the Anatomy & Physiology Test any time after 8:30am, YOU WILL NOT BE PERMITTED to do so.
- 6) Make sure you complete the top of each Student Answer Sheet: Student Names, School, Team Number, etc. If an Event Supervisor is unable to determine which Student Answer Sheet is submitted, that Student Answer sheet will not be graded.

❖ **Special Notes from the State Director and Regional Tournament Director:**

- 1) There are a lot of things that you can do in advance of Tournament Day...do those things.
- 2) Practice Event Tests and Practice Student Answer Sheets are available...make use of them: for both content and for download/upload practice.
- 3) Pay special attention to directions.
- 4) **DON'T DO ANYTHING WEIRD TO THE EVENT TEST AND/OR THE STUDENT ANSWER SHEETS.** (e.g., don't electronically split up the Student Answer Sheet and then recombine it, don't use any kind of program or electronic writing tool that may alter, wipe, or reformat the Student Answer Sheet, etc.) In other words...when in doubt, don't.
